Whether you've got a computer or a typewriter...with **STICKYBEAR KEYPRESS** you can practice everything from the simplest drills in home key position to complex exercises that require the full keyboard with shifts and numbers. Choose your own levels of difficulty. And store your efforts on the disk to track your progress!

Challenge the robot in **STICKYBEAR THUMP,** a fast-action game! Save Stickybear from being bumped by the blocks the robot is tossing. If you can type fast enough, Stickybear can throw a ball at the robot and block the cube!
